Maybe even better than free.

You can upload any type of file (movies, music, documents, images, zip files and more). Simply upload your file and share the link. If only we could, we surely would! On the other hand, using file can actually save you money. Alternatively you can choose to share your download links on blogs, forums and social networking sites. filehosting provides an easy possibility for you to send large files to your friends. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. We have no file size limit. You can give this download link to your friends by mail or instant messenger. Just upload the file you want to share with your friends and we send you a download link to your file. So try our free and simple filehosting service now. Our service is completely free for everyone. Keep your files private, or send your downloadlinks only to friends or family. File is free to use with no gotchas and no hidden fees. It is also allowed to link to the download page from websites andcommunities. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Using file, youcan circumvent those limits without paying to upgrade your team chat service. Any file in any format can be uploaded and downloaded for free. The cost of thatdata transfer is covered by your internet service or the data plan on your phone. When you use file, you avoid storing the file you're sending in your cloudstorage or mail server. You decide who you want to share your files with. Unfortunately, we can't make that part free. You don't need any special softwareinstalled to be able to download your files. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. There are no restrictions onthe number of times a file can be downloaded. Files can be downloaded from any computer from our high speed servers. No account or credit card is required toget started. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device.
